

# Rangatahi Led Action

**Raniera  
Pene**

I hail from Ngati Whatua and currently work for Te Kaha O Te Rangatahi – A youth focused organisation which ultimately exists to grow the potential of Rangatahi. I am passionate about inspiring and coaching Rangatahi, guiding them through a process of massive transformation

## Project

### South Auckland Rangatahi Engagement

Annual budget engagement  
A project on behalf of Auckland Council to gain feedback from South Auckland youth about the Auckland Council financial budget

We reviewed the annual budget survey, adapting it to be youth friendly and being more creative to better engage with rangatahi  
Financial literacy, charging booth, simplifying, incentives.

## What we did

## What are the results?

- Engaged with 200 rangatahi
- Found that Council needed a more appropriate method to effectively engage with rangatahi

Council are taking on the findings from the survey process and taking that on in future projects engaging with rangatahi

From this, Auckland Council now utilises the knowledge and experiences Te Kaha have on working with rangatahi

## Where to now?

## Advocacy

“Having the clarity of what is important to you”

## Challenges

“Engagement... to build around this, rangatahi co-design to design what they want and how they want it”

## Advice

“Developing a strong foundation for yourself”

“Broadening your visions and broadening your goals”
